

Samsung Galaxy Note 3 Battery Replacement

Your battery is not functioning and needs to be replaced with a new one.

Written By: Brittany Gail

INTRODUCTION

Follow the steps in order to replace your battery.

TOOLS:

- [iFixit Opening Tools](#) (1)

PARTS:

- [Galaxy Note 3 Battery](#) (1)

Step 1 — Remove the rear case

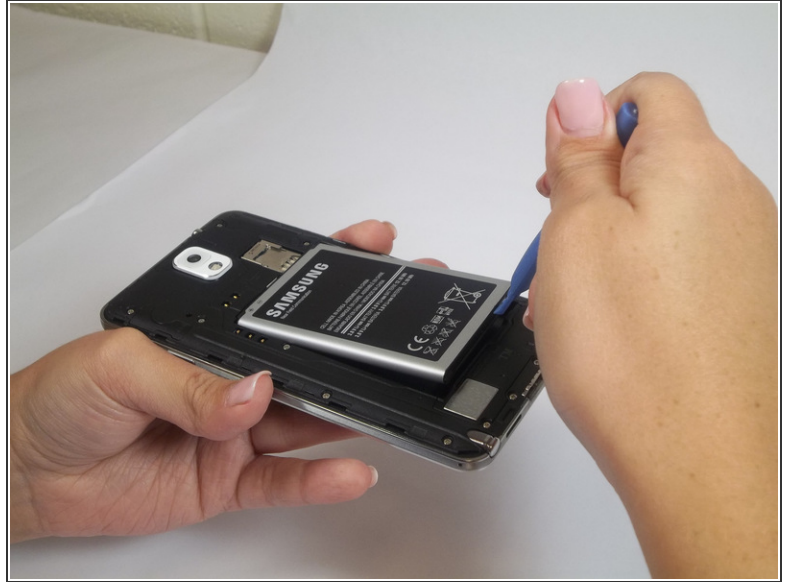

- Insert the plastic opening tool in the gap between the rear case and the base of the phone.
- Twist the plastic opening tool.

Step 2 — Remove Case from the Base

- Slide the plastic opening tool along the edge of the rear case.
- Lift the case gently from the base.

Step 3 — Battery

- Insert the plastic opening tool into the small gap between the battery and the phone base.
- Lift the battery out of its placeholder.

To reassemble your device, follow these instructions in reverse order.
